Design by Oskar van Deventer (NL)

1. Start position

2. Spread out the cube and number the notches of each side's opening.
Label the left and right projecting part of the pieces as A and B respectively.

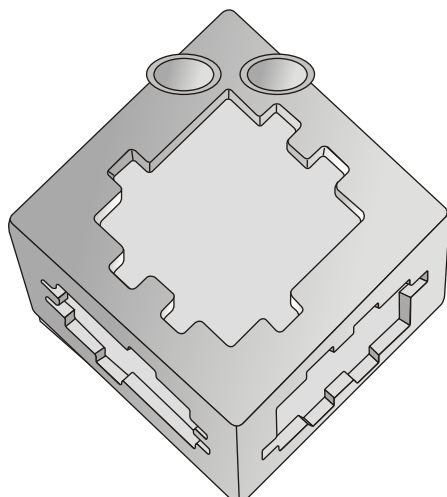

3. Follow the chart below and pass the pieces A and B through the notches of the cubes' openings.

The cube's number	1	2	3	4	5	6	7	8	9	10	11	12	13	14	14
The piece's projecting part	A	B	A	B	A	B	A	B	A	B	A	B	A	B	A

Note

This is the shortest way to remove the piece.

Other than this, there are several ways to remove the piece by using the unnumbered notches.

4. The piece has been removed.
